

Cancel Unused Apps Checklist

Rent Nothing

Step-by-step paths through the cancellation maze. Batch-cancel in one sitting.

Apple (iPhone, iPad, Mac)

- iOS:** Settings → [your name] → Subscriptions → Cancel
- Mac:** App Store → account → Settings → Subscriptions
- Web:** reportaproblem.apple.com (for refunds on recent charges)

Google (Android & Play)

- play.google.com → Payments & subscriptions → Subscriptions
- pay.google.com → Subscriptions & services
- Check per-app: Profile → Payments & subscriptions

Amazon

- amazon.com → Account → Memberships & subscriptions
- Prime Video Channels (often separate from Prime itself)
- Kindle Unlimited, Audible, Subscribe & Save
- Fire TV / Alexa skills with recurring fees

Streaming devices

- Roku:** roku.com → Sign in → Manage subscriptions
- Apple TV:** Settings → Users & accounts → Subscriptions
- Fire TV:** amazon.com memberships (same as Amazon)

Common SaaS (web billing)

- Adobe — account.adobe.com → Plans
- Microsoft 365 — account.microsoft.com → Services
- Dropbox / Google One / iCloud — cloud storage upgrades
- Notion / Evernote / Todoist — workspace billing settings
- VPN services — account dashboard → auto-renew off first

When chat or phone is required

I'd like to cancel my subscription effective today. Please confirm I won't be charged again and send email confirmation. I'm not interested in retention offers — just cancellation.

My cancel batch — today
